Asian Granito India Ltd

Exit Note

Weak sector outlook along with multiple negative events – Exit from stock

We had initiated Asian Granito India Ltd. (AGL) on expectation of sales/PAT growth on account of capacity expansion, increase in value added product mix, tax revision and improvement in realization. However, the investment hypothesis did not pan out as expected, due to series of gas price increase which was not passed on, pricing pressure on the GVT tiles and non-implementation of the GST on full scale which delayed the shift from un-organized to organized. We believe the sector headwind to continue in the near-future, which would keep AGL profitability under pressure in the near-future. Furthermore, the unplanned exit of a key managerial personnel (who was appointed to stream line the process and improve the working capital cycle), recent equity dilution and arrest of Mr. Mukeshbhai Patel, MD (release on bail) raises concern on the company's corporate governance. Hence, we are exiting coverage on the stock.

Slow-down in tiles growth – slowest in building material sectors

We expected that the organized players will get benefit with the GST rollout and tax rate revision in tiles segment from 28% to 18%. However, there is no strict implementation of GST – restricted volume growth and bring correction in realization. Also, demand side impacted from RERA, demonetization, slowdown in real estate sector in past several quarters, which is not expected to recover in near future. CRISIL Research has estimated slowest growth for tiles segment (5-7%) among entire building material industry.

Unplanned exit of key managerial personnel

AGL had appointed Mr Ashish Mehta in May 2018 as Sr. President – Sales & Marketing to stream line the process and improve the working capital cycle of the company. He initiated projects to streamline working capital and sales. However, he has resigned within 8 months of joining in Dec-2018, raised concern over effective implementation of initiated projects.

Earnings dilution with warrant issuance – Negative for minority stake holder

AGL has planned to raise equity of INR 98cr by issuing 40,00,000 convertible warrants to non-promoters entities at a price of INR 245 per warrant. The issuance will bring equity dilution of ~13% and reduce promoter stake to 28.6%. The dilution will bring down our EPS estimate to INR 18.8 (down 12%) for FY20E.

Arrest of MD related to custom duty dispute

AGL has informed exchanges related to the arrest of company's managing director Mr Mukeshbhai Patel on 28th Dec-2018 by DRI (Directorate of Revenue Intelligence) on account of dispute in custom duty on import of nano crystal marble from China (which is less than 1% of overall revenue of the company). As per management, DRI has computed higher fair value than declared value of imported material and claimed for duty differential of INR 3.5cr. AGL has paid INR 3.5cr and secure bail of Mr Patel. The paid amount is ~10% of our PAT estimates of FY19 and ~15% of H2FY19 PAT estimates.
